

ZEDi 10FX Mixer

This is where you plug in the Power (IEC) Cable. It will look slightly different from the power cables for the Speakers or Subwoofer.

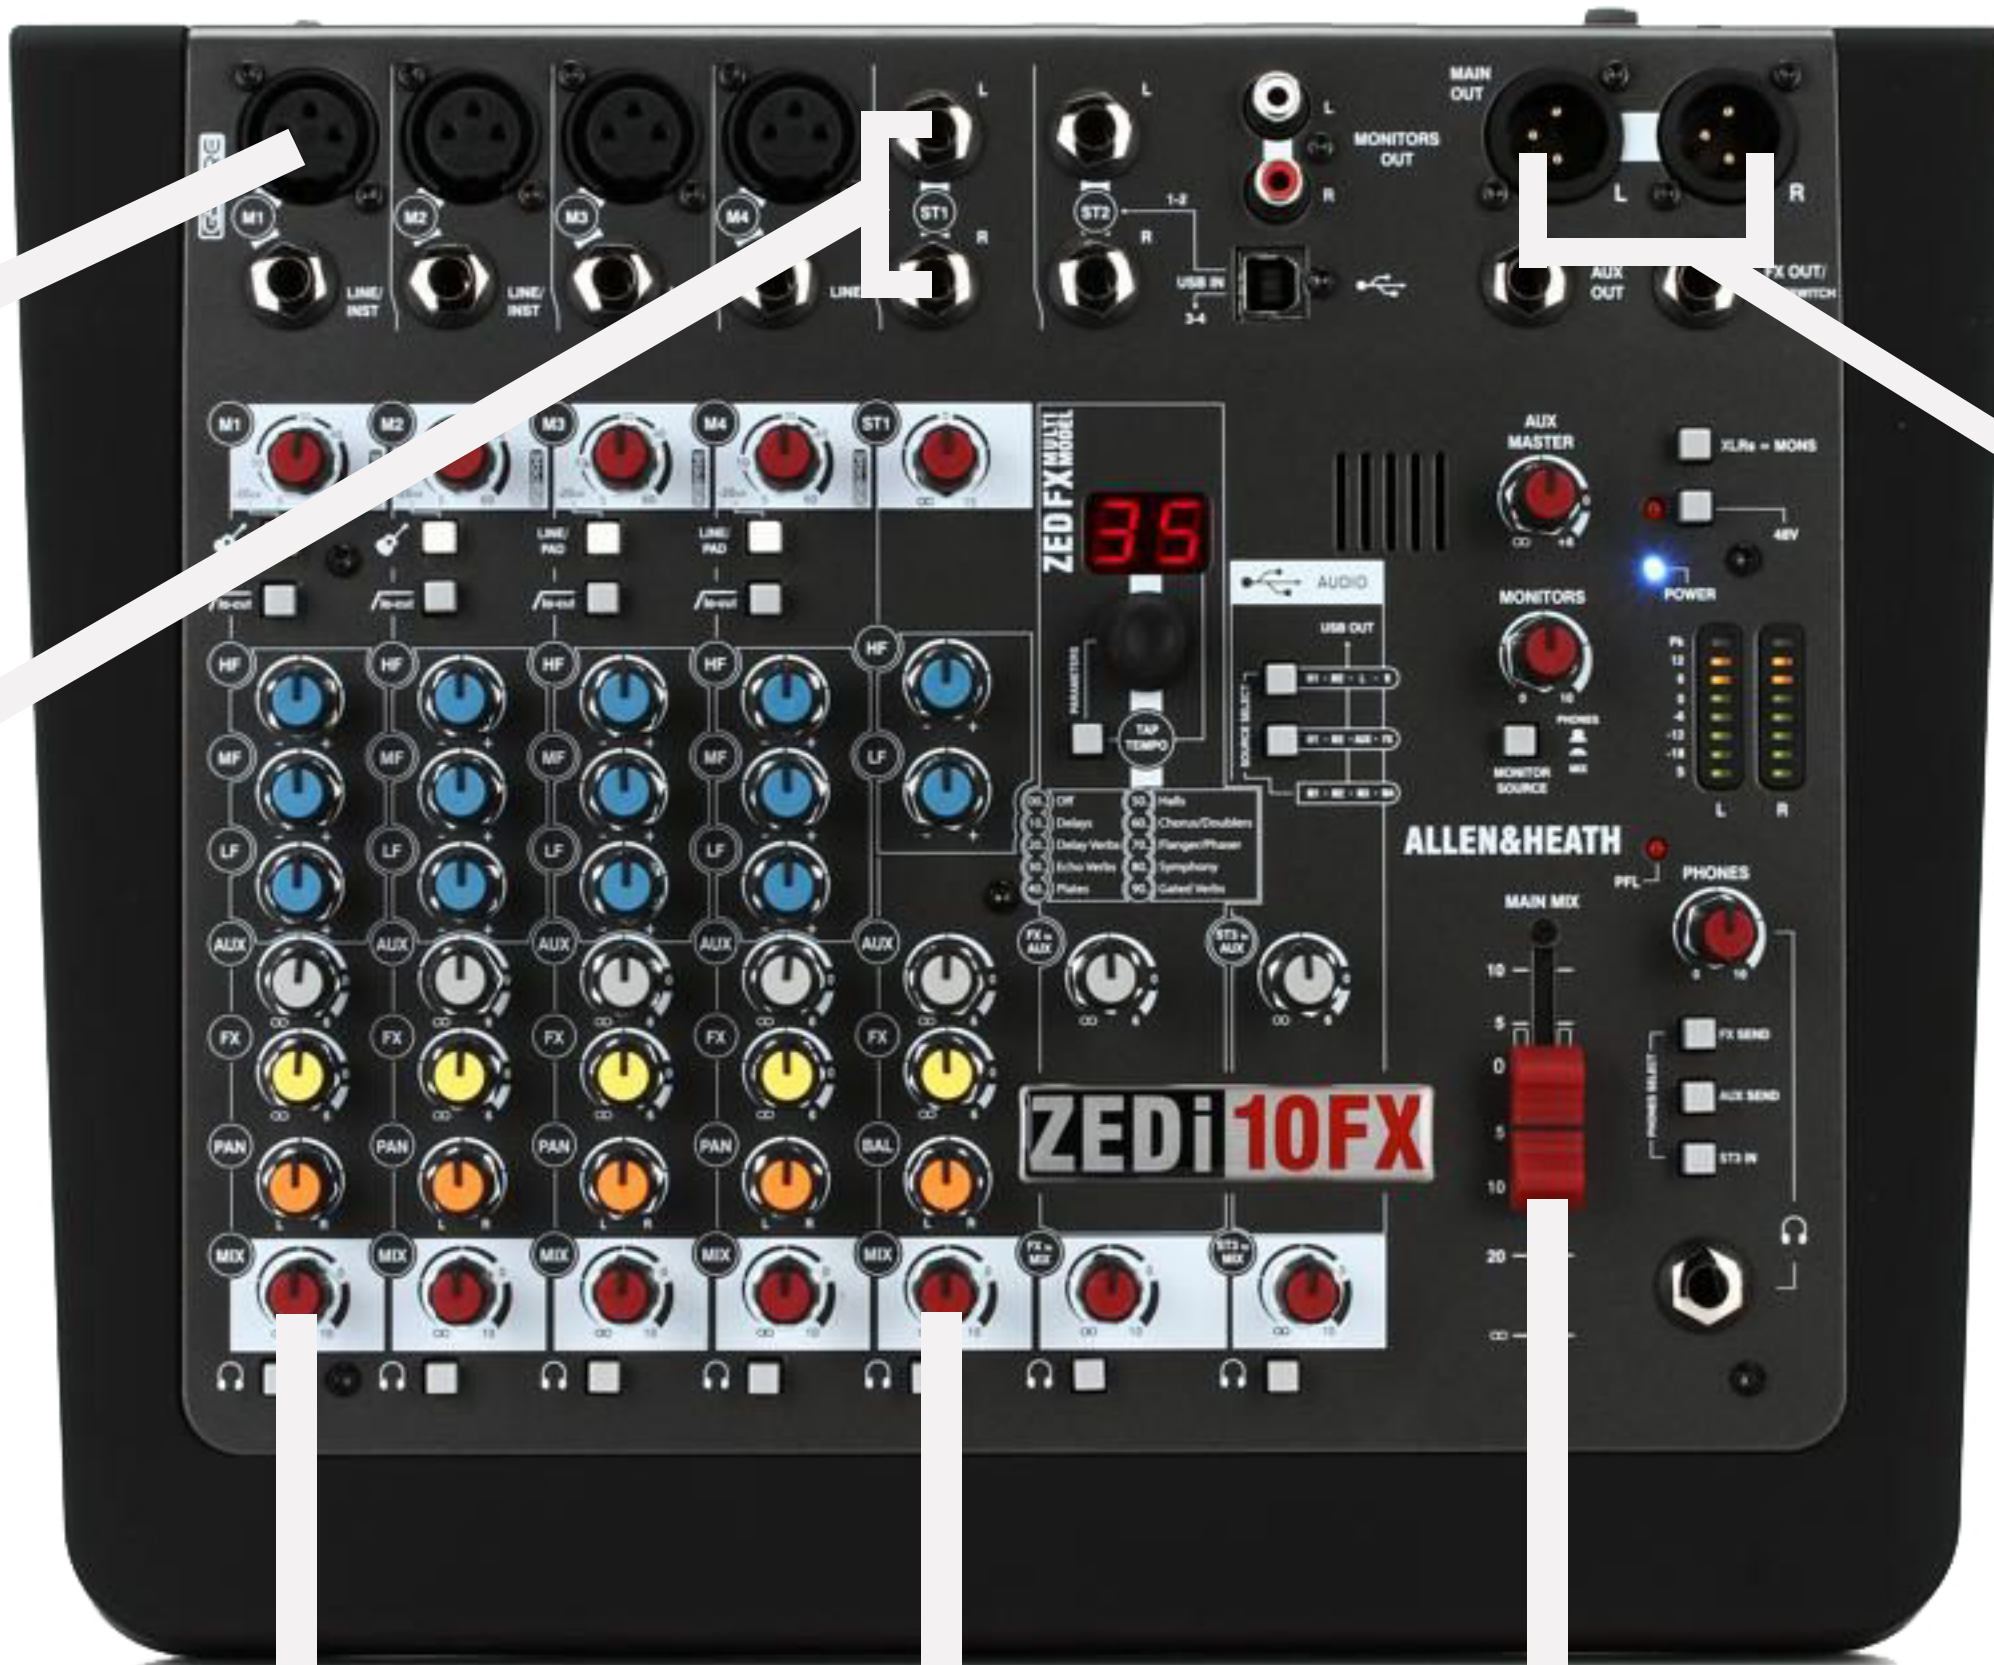

Mixer Set-Up Instructions

This is where you plug in the Microphone using an XLR Cable.

This is where you plug in the Audio Cable.

This is where you plug in the XLR Cables for the Speakers or Subwoofer.*

Microphone Volume**

Audio Cable Volume***

Master Volume ****

- * If you have the Classic Package, you will plug in the XLR Cables here for the Speakers. If you have the DJ Package, you will plug in the XLR Cables here for the Subwoofer.
- ** Adjust the Microphone Volume **first** by talking into the Microphone and turning the knob until you reach the desired volume level.
- *** Adjust the Audio Cable Volume **second** by playing music and turning the knob until you reach the desired volume level.
- **** The Master Volume Fader is used to adjust all volume levels collectively.

Questions?

- Visit our website at www.speakeronastick.com. Click on the 'How To' page and review our 'Troubleshooting' section.
- Reach us at (727) 444-0290 if you rented from our Clearwater, FL location or (616) 988-9671 if you rented from our Grand Rapids, MI location. If your call is outside our business hours, you **must** leave a voicemail for us to be notified that you've called. We will receive the notification on our cell phones. Once we're notified, we'll return your call as soon as possible.
